Objectives:

1. . To create a comprehensive platform that provides students with access to a wide range of career development resources.
2. To provide students with personalized career guidance that can help them identify their strengths, interests, and goals.
3. To organize talks, training sessions, and workshops that help students acquire the necessary skills and knowledge to excel in their chosen fields.
4. To provide continuing support to students throughout their academic journey and beyond, ensuring they are well-prepared for their careers.
5. To offer a soft skills curriculum that helps students develop interpersonal, communication, and leadership skills.
6. To facilitate industrial certifications and training that can help students stand out in the job marke
